2. The following is an examiner's statement of reasons for allowance:

The invention as now claimed is not disclosed or rendered obvious in view of the prior art of record. As to claims 13 and 19, the prior art of record fails to teach or suggest, alone or in combination, the recited method that combines the steps in which a subscriber logs on to a remote master office, a request is transmitted from his/her coordination processor to a virtual operator in order to initiate a dialing process to the subscriber, a link setup to the subscriber is carried out via a voice channel, the data to be transmitted is then loaded in the master office from the coordination processor into a group processor, a data transmission link in the master office is set up to a peripheral line trunk group for fast data links, and the data to be transmitted is then transmitted via a data link to the switching office of the subscriber and from here to the subscriber as set forth in the recited claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
